Science:

At the beginning of the module we are learning about the seasons so far (Autumn, Winter, Spring and Summer). To help with this learning you could...

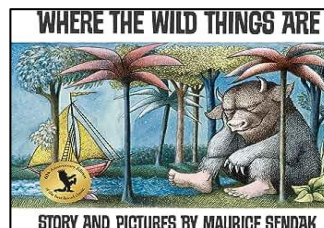

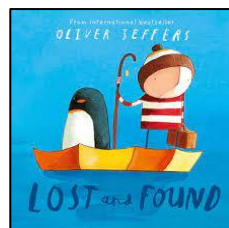

Take a walk at the local park and observe the changes in the weather, trees and landscape.

Geography

In Geography we are going to locate and identify where Bradford is on a map. We are going to look at the physical and human features of our local area and use aerial photographs to recognise landmarks.

- Things you could do at home to support:
- Use Santa's live flight tracker to track his journey around the world
<https://www.noradsanta.org/en/>
- Visit the local library, landmarks and places of worship in the local area.
- Make maps of journeys to different places.
