

Maths:

In maths this half term we are learning about statistics and direction.

Things you can do at home:

Direct your family around the house! How many steps does it take to get from your bedroom to the kitchen?

Can you tally the local traffic that drives past your house?

Can you create a bar chart on the heights of your family?

Science

In science this half term we will be think about different ways to reduce, reuse and recycle everyday materials.

At home you can help to recycle!

Geography

In Geography we are looking at the differences between hot and cold places. We will be focusing on Kangaroo Island which is situated in Australia. We will be describing similarities between there and the UK.

At home you can ask anyone in your family if they have visited Australia.

If you have any photos, please bring them in.

Ask family and friends if they have been to a hot country before and what it was like.

Our writing text is

Have you read any of the Tinga tales before?
