27th June 2024

Dear Parent / Carer,

At Grove House, we're always looking for ways to extend our students' learning. That's why, as part of our school improvement plan, we are now using CENTURY – a ground-breaking online learning platform.

What is CENTURY?

CENTURY is an online learning tool for students. It combines artificial intelligence with the latest research in learning science. It identifies every student's strengths, gaps in knowledge and misconceptions. Students can log in and complete work that has been suggested for them by the advanced recommendation engine or work that has been set by teachers. It allows students to take control of their own learning and for teachers to get real-time data on progress, so they can quickly identify which students need support or additional challenge.

What does this mean for my child's learning?

CENTURY will complement work completed in the classroom.

Accessing CENTURY

Students are able to access CENTURY anytime and anywhere, in school and also at home. All they need to do is visit app.century.tech and enter their unique login details. Their login details will have been given to them by their teacher. The platform can be accessed from tablets and laptops. The best browsers are Chrome on PCs and Android devices and Safari on iPads. It is not currently optimised for use on mobile phones.

How do I find out more?

If you have any questions about CENTURY, please feel free to get in touch with your child's teacher or, alternatively, you can visit CENTURY's website (www.century.tech) or email CENTURY at support@century.tech.

Kind regards,

Mr Wickett
