19<sup>th</sup> June 2024

Dear Parents/carers,

We have signed all children in Year 1 up to Plytime, an online platform which can be accessed from home:

<https://app.plytime.com/signin/student>

### **What is Plytime and how does it work?**

Plytime is a website that provides simple games and learning activities that can reinforce key learning in school that week and throughout the year. It automatically provides personalised content to your child and identifies strengths and weaknesses, and to help keep your child motivated, they can earn tokens for practising and reviewing, which can then be redeemed for rewards such as store vouchers or games!

Children can log on to Plytime and choose a background or theme that they like. Then they work through the content that either they choose or the teacher gives them. It is fun and links to the work that they cover in their year group.

Your child will have login details for their account. They will be using this website/service in school, and we want your child to enjoy using it at home. Please give them time to do so!

If you have any questions, please speak to your class teacher.

Kind regards,

Mr Wickett
