PSHE: The Illustrator.

An uplifting story about the power of art, finding your voice, and telling your story by any method. Aaron dreams of being an author but struggles to read and write. Through his perseverance, he realises he can tell fantastic stories as an illustrator.

History: Is History Set in Stone?

This is a really engaging topic to begin the year with. The children will be immersed in all things Stone Age! They will understand what makes a hunter gatherer, and why they actually came to Britain/how they ended up being a part of our ancestry. From this, they will learn about how dangerous and challenging it was to live at this time. They will look at when Britain became home to our ancestors and examine ruins and relics, using them as a gateway to understanding our past, to understand our present.

Our class text(s):

What follows is a wild, big-hearted adventure as Charlie and the Stone Age boy set out together to find what they have lost - their courage, their hope, their family and their way home.

Our class names are Howe and Rauf. Can you read any other books by these authors? Try looking at Eccleshill library!

Year 6 Autumn 1

Science: Living Things: Classifying big and small –

A fascinating topic, in which children will learn about variation and inheritance, and how/why difference species. The unit culminates with children learning about evolution and theories about evolution.

Spellings: Pick 5 extra each week to practise. Work through them alphabetically.

accommodate	correspond	identity	queue
accompany	criticise (critic + ise)	immediate(ly)	recognise
according	curiosity	individual	recommend
